SpringFair – 6-10 February 2005

Our official subsidiary in UK: **Vision numeric UK** welcomed its visitors on a very attractive stand at SpringFair 2005 in Hall 17 - Jewellery. The 5-day exhibition met a great success with various professionals' profiles: designers, retailers, manufacturers...

To contact our branch in the UK directly: sales.uk@type3.com or +44 24 76 24 36 37

This 2005 edition knew an impressive number of visitors mainly from the UK.

We presented 2 software solutions:

- **TypeEdit Jewel** for 2D and 2,5D products

- and **3DESIGN our jewellery dedicated solution** to create the most exquisite designs in 3D.

3DESIGN answers all the professionals' needs.

The most appreciated features remain:

- the **Parametric construction tree**
- the amazing **Rendering Module**
- the **Chain function**
- the **Draft kit**
- the **general look** which is really appealing for designers...

In brief, the stand was visited by very qualified people.

Until now, this 2005 SpringFair edition is the best ever. We will thus reinforce our presence at the show next year.
